

# ECOMSAAS

## ENVIRONMENTAL DATA MANAGEMENT PLATFORM

**i** As an integral part of the ECOMESURE connected systems, EcomSaaS is a **service package based on a web platform** [www.i-comesure.com](http://www.i-comesure.com) in SaaS mode which considerably simplifies sensor control and data processing, thus achieving significant savings.

### + BENEFITS

- + Manage all sensors and data live on a single platform
- + Common solution for all the Ecomesure connected systems
- + Accessible 24/7 from any terminal connected to the internet
- + Secure transfer, storage and access to the data (SSL protocol)
- + Easy connection to other servers and platforms by FTP or API
- + Intuitive and easy to use
- + Scalable solutions

### + APPLICATIONS

- + **Environmental monitoring** : Air, water, noise, electromagnetic waves, meteorology, radioactivity, etc.
- + **Smart Factories** : Industrial process control, metering, servo systems, traceability etc.
- + **Smart Grid** : Resources management, energy consumption management, waste treatment, water treatment, etc.
- + **Smart Building** : Technical building management
- + **Smart Cities** : Consolidation of urban data

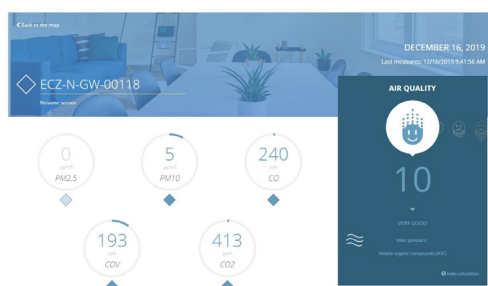

## ECOMSAAS

## Simple and intuitive displays

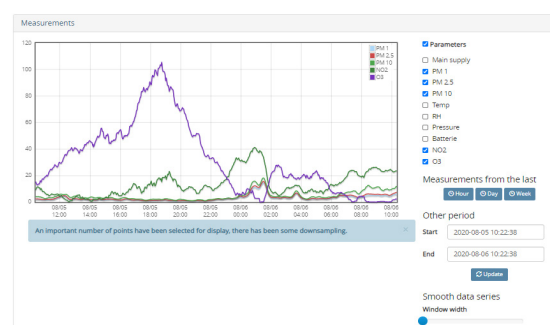

## Index display

Air quality monitoring with Ecomzen, Ecomsmart and Ecomlite

## Scientific display

Control of all types of environmental and operational data sensors

## Three levels of services, with or without commitment

## 1 - Annual subscriptions

Services	STARTER	MANAGER	EXPERT
Mapping	✓	✓	✓
Data real time display	✓	✓	✓
Multi-display mode (index and scientific)	✓	✓	✓
Device status	✓	✓	✓
Device remote control		✓	✓
Data storage <sup>1</sup>		✓	✓
Data downloading (directly or FTP transfer)		✓	✓
Alerts/alarms by SMS and E-mail <sup>2</sup>		✓	✓
Operating and data analysis reports		✓	✓
Virtual Integrated Devices (VID)			✓
Data ciphering			✓
API link			✓
Data base export			✓
Data logger			✓

2 - MOD «Measurement On Demand»  
no binding commitment<sup>(1)</sup> Last 12 months of data available<sup>(2)</sup> Limited to 3 E-mail addresses and 3 mobile phone numbers, 1 email/hour, 1 SMS/day
